SPAWNING GROUND

Hello All,

I'm SO excited about Spawn Kills Everyone Too!

After the one-shot Spawn Kills Everyone went to THREE printings, Todd decided that one issue wasn't enough. There were a lot of stories left to tell, so after flushing out the story, Todd hired Will Robson to head up the art in this mini-series and Grey Menzie to do colors. I can't wait for you all to see how fun this series turned out.

Here's some concept art from Will. I thought it would be cool to show a few behind-the-scenes images of the inception of Spawn Kills Everyone Too!

Cheers,

ALRIGHT!
ENOUGH FARTIN' AROUND!
LET'S GET STARTED WITH
THE KILLING!

NEXT ISSUE
Spawn gets back to the killing business...
and business is good.

DEMON'S DAYS ARE NUMBERED.

Killed by his own men, Government Agent Al Simmons struck a deal with the devil, resurrecting him from the depths of hell. Returning to Earth he guards the forgotten alleys of New York City as the warrior Spawn, a hero unlike any other. Seeking answers about his past, Spawn grapples with the dark forces that returned him to earth, battling enemies and discovering unlikely allies.

Even though the doors of Heaven and Hell are now locked, there's enough evil on Earth to keep Spawn busy. But without his full powers, Spawn will have to find a way to fight his enemies without getting himself killed again in *Spawn: Hell on Earth*. Featuring the kinetic art and imaginative story-telling of Image Comics founders **Todd McFarlane** (*Spawn*, *Spider-Man*, *The Incredible Hulk*) and **Erik Larsen** (*Savage Dragon*, *Spider-Man*), as well as veteran *Spawn* artist **Szymon Kudrinski**, this is one collection you don't want to miss!

The *Spawn: Hell on Earth* trade paperback collects 12 issues — a whole year's worth — of this fan-favorite story into one thick volume. All at a hard to beat price.

SPAWNING GROUND

Happy New Year!

Obviously, the first big milestone is Spawn issue 300. Todd is one of two independent comic book creators who will have achieved this big goal. The second important issue is Spawn 301. Once Todd hits 301, he'll have the longest running independent comic in North America!

Stay tuned on Todd's social channels for updates on all Spawn related news. There will be A LOT coming.

Thank you to everyone who purchased *Spawn Kills Everyone Too*, issue one. I know there wasn't much killing, but I promise there will be more blood and guts in the three remaining issues in the mini-series.

Here's a look at some more concept art for this issue. Hope you all enjoy.

SPAWNING GROUND

Hello Spawn Readers,

I hope you are enjoying Spawn Kills Everyone Too. I can't believe it's already issue 3. With this year being THE YEAR OF SPAWN, there are some exciting publications coming in 2019. First of all, Todd McFarlane Productions will be printing the entire Spawn Kills Everyone Collection in one trade paper out later this year. It will not only include the four-issue mini-series, but the one-shot Spawn Kills Everyone from a few years back. There will be some other surprises like unseen art and sketches.

Secondly, we are FINALLY re-releasing Spawn Origins One with a NEW cover by Todd. It's been too long since the last printing, so it's definitely time! Look for that in stores the first half of the year. Finally, in July, Todd is releasing a second edition of the Spawn Vault Edition with more original art boards of his art!

There is so much great stuff ahead and these are only the few I can tell you about...for now.

Here's a look at some more art from Spawn Kills Everyone issue three. Enjoy this sneak peek behind the scenes.

Cheers,

Hello All,

THANK YOU all for reading this second installment of Spawn Kills Everyone! Everyone involved in this project really enjoyed working on it and we hope that came through in the final product. Before you ask, YES...we are doing a Spawn Kills Everyone Complete Collection (see below).

To celebrate the coming of issue 300 and 301, both HUGE milestones for Todd, we are ramping up to bring you MORE Spawn. We can't pull back the curtain on everything, but here's a look at a few of the books headed your way...

SPAWN 'Dark Horror' Trade Paperback – April 2019

The beginning of Jason Shawn Alexander, Darragh Savage and Todd McFarlane's epic run is collected for the first time! Includes issues 276-283 and a cover gallery featuring art from Jason, Todd and cover artist, Francesco Mattina.

SPAWN KILLS EVERYONE: The Complete Collection 1 – May 2019

All the irreverent hijinks and cartoon violence of Spawn Kills Everyone is collected in one place! From the SOLD OUT One-Shot to the hit four-issue mini-series, every kill, every joke, every twist and turn is included, along with a cover gallery and behind-the-scenes artwork.

SPAWN ORIGINS Vol. 1 – May 2019

The first volume of the fan-favorite Spawn collection series is finally returning to print, featuring a "remastered" cover with inks by Todd.

SPAWN Vault Edition 2 – JULY 2019

Own the closest thing to Todd's original artboards!!! This massive artbook contains full-scale reproductions of Todd's original pencil and ink artwork for Spawn #8-15. All the detail! All the Action! All the Todd!

This is just the start!! So much more to come including some surprises that we can't tell you about just yet.

As we've done in the previous three issues of Spawn Kills Everyone 2, here's a behind-the-scenes look at art from this issue.

Enjoy!
